

# Power For Students

A program of the Duke Energy Foundation

The Power for Students program aims to improve extracurricular activities and programs for students in underserved communities, helping to level the playing field and give all students the opportunities they deserve.

Examples may include, but are not limited to, support for:

- Athletics and sports activities
- After-school enrichment programs

Programs must be open to all students and preference will be given to low-income communities.

Please connect with your Duke Energy contact before applying. If you need help connecting to your representative, please email [communityaffairs@duke-energy.com](mailto:communityaffairs@duke-energy.com). The grant application is ongoing, and grants may be awarded up to \$5,000. You can apply online at [duke-energy.com/Foundation](http://duke-energy.com/Foundation).
