Availability:
Available throughout the entire territory served by the Company.

Applicable:
To residential customers taking service exclusively for domestic purposes in a single dwelling house, a mobile home, or individually metered single apartment unit or other unit having housekeeping facilities, occupied by one family or household as a residence. The premises of such single dwelling may include an additional apartment with separate housekeeping facilities, as well as a garage, a boat slip, and other separate structures where they are occupied or used solely by the members or servants of such family or household for domestic purposes only. Also, for energy used in commonly-owned facilities in condominium and cooperative apartment buildings subject to the following criteria:

1. 100% of the energy is used exclusively for the co-owner’s benefit.
2. None of the energy is used in any endeavor which sells or rents a commodity or provides service for a fee.
3. Each point of delivery is separately metered and billed.
4. A responsible legal entity is established as the customer to whom the Company can render its bill(s) for said service.

Character of Service:
Continuous service, alternating current, 60 cycles per second, single-phase or three-phase, at the Company’s standard available distribution voltage. Three-phase service, if available, will be supplied only under the conditions set forth in the Company’s booklet “Requirements for Electric Service and Meter Installations.”

Limitation of Service:
Standby or resale service not permitted hereunder. Service under this rate is subject to the Company's currently effective and filed “General Rules and Regulations for Electric Service.”

Rate Per Month:

   All additional kWh 8.773¢ per kWh

(2) For the calendar months of March through November:
   First 1,000 kWh 6.587¢ per kWh
   All additional kWh 7.474¢ per kWh

Plus the Cost Recovery Factors listed in Rate Schedule BA-1, Billing Adjustments, except the Fuel Cost Recovery Factor and Asset Securitization Charge Factor: See Sheet No. 6.105 and 6.106

Off-Peak Electric Vehicle (EV) Charging Credit:
Residential customers on this rate schedule and other residential customers that are not on a time-of-use rate schedule, have an EV charger at their residence, and are participating in the Off-Peak EV Charging Program in compliance with its terms are eligible to receive an off-peak EV charging credit of $10 per month.

The designated off-peak periods for the EV charging credit, expressed in terms of prevailing clock time shall be as follows:

(1) For all calendar months, Monday through Friday: 10:00 a.m. to 6:00 p.m. and 9:00 p.m. to 5:00 a.m.

(2) For all calendar months, Weekends and Holidays: All hours

Customers must use the EV charger only during designated off-peak periods during the billing period; provided, however, that customers may have, at most, 2 occasions of opt-out charging in a billing period and still receive the EV off-peak charging credit in that billing period. An occasion of opt-out charging is defined as charging outside of the designated off-peak periods for 15 minutes or more at 3kW capacity or above.
